

Proposal

We are too pleased to offer this proposal for your review and approval. The solution described in this proposal is created by keeping in mind your need and budget and we are confident that this solution will provide great value to your organization.

Proposed Solution

The system will provide the following functionalities as per your requirement-

- The faculties will be provided question paper generation facility
- The institution should be provided with the functionality of keeping track of student's attendance
- The institution should be able to keep track of salary paid to faculties
- The institution should be able to keep track of fee payment status of students.
- The institution should be able to make announcement to students
- The institution should be provided the mechanism of managing the student
- The institution should be provided with the mechanism of managing faculties and tutors/TAs
- The faculties should be provided the facility of managing the subjects
- The faculty should be provided with functionality of to-do list

Expenses

The expense of this solution is the deployment expense which will be may vary at the time of deployment (as Arham Education already have a personal computer and good internet service to use this system).

Delivery

The system will be ready to use for Arham Education by fourth week of April of 2020.

Mr. Alok Shah

Owner, Arham Education
